

Vinte Publishes its Annual Sustainability Report for 2019

Mexico City, Mexico, July 3rd, 2020 – Vinte Viviendas Integrales S.A.B de C.V. (“Vinte) (BMV:VINTE) announces the publication of its Annual Sustainability Report for 2019.

We are pleased to present our 2019 Sustainability Report, prepared in accordance with the GRI Standards: Core option.

In the report we present the results of our first materiality assessment. We did this assessment to better align our sustainability strategy and have the greatest possible positive impact on our different stakeholders.

For us, sustainability consists of creating Vinte Communities that generate positive social, economic, and environmental impacts through socially responsible operations and the use of environmentally friendly products.

ABOUT VINTE

Vinte is a vertically integrated Mexican sustainable home builder with a clear focus on profitability. For more than 17 years it has been dedicated to developing sustainable residential complexes for low-, middle- and high-income families, focusing on improving their quality of life, a commitment for which it has received multiple national and international awards. Throughout its history, the Company has developed more than 43 thousand homes across six Mexican states, mainly in the central region, achieving a high level of loyalty among its clients and extensive brand recognition in the markets in which it operates. Vinte has a highly qualified management team with over 28 years of experience in the Mexican housing sector.
