**Mexico City, Mexico, September 24<sup>th</sup>, 2021 – Vinte Viviendas Integrales S.A.B. de C.V. (“Vinte”) (BMV: VINTE),** announces the recent favorable opinion granted on behalf of Pacific Corporate Sustainability (PCS), an International Independent Expert, assuring that the net resources obtained from the planned stock offering on the BMV will be entirely used for the development of sustainable housing communities. This means that the mentioned offering would be the first Sustainable Follow-On Offering in Latin America (and one of the first globally).

After having initiated the process with the CNBV and the BMV several months ago, on September 21 it was made public once the favorable opinion of sustainability was obtained.

The mixed public offering would be for up to Ps. \$2 billion (the Company expects the primary offering to be slightly greater than 70% and the rest to be secondary), with the purpose of fulfilling its sustainable development objectives, and even expanding them.

Sergio Leal, Vinte’s Chairman of the Board, commented: “The resources would be used to continue our sustainable housing development strategy, seeking to satisfy our clients’ needs and contributing to Mexico’s economic and sustainable development. In addition, Vinte will continue to build the digitalization of its information cloud.”
