

Vinte announces the publication of its 2020 Annual Sustainability Report

Mexico City, Mexico, August 6th, 2021 – Vinte Viviendas Integrales S.A.B. de C.V. (“Vinte”) (BMV: VINTE), informs the investing public that its 2020 Annual Sustainability Report was published today.

The 2020 Annual Sustainability Report was prepared under the core set of GRI Standards.

This is the fourth consecutive year Vinte has published its Annual Sustainability Report, which includes its sustainability strategy and commitments related to the continuity of investments with a high positive social and ecological impact, in line with its Shared Value Business Model.

Vinte’s sustainability vision consists of creating communities that generate a positive social, economic, and environmental impact through a socially responsible operation and environmentally friendly products.

ABOUT VINTE

Vinte is a vertically integrated sustainable Mexican home builder with a clear focus on profitability. For more than 18 years Vinte has been developing sustainable housing complexes for families of entry-level, middle, and upper-middle incomes, focusing on improving quality of life, for which Vinte has obtained multiple national and international awards. Vinte has developed more than 48,000 homes in six Mexican states, mainly in the central region of the country, achieving a high level of loyalty among its customers and wide brand recognition in the markets where it operates. Vinte has a highly qualified management team, with more than 29 years of experience in the Mexican housing sector.

FUTURE EVENTS

The information presented in this press release may include forward-looking statements and projected results, which may differ from actual results; since past performance is not an indication of future results.
