Grupo Vinte became Mexico's largest homebuilding group in December 2024, following the acquisition of Servicios Corporativos Javer. Additionally, in November 2025, Grupo Vinte acquired 100% of the shares of Derex Desarrollo Residencial, a leading sustainability-focused developer in Sonora and Baja California. We have a highly qualified management team with more than 34 years of experience in Mexico's housing sector. We are a vertically integrated, sustainable real estate developer with 23 years of track record and a clear focus on profitability and value creation, with 15,681 homes titled during 2025 across the three companies. Throughout our history, we have focused on developing sustainable housing communities for families in the affordable, middle-income, and residential segments, with a constant commitment to improving their quality of life, which has earned us numerous national and international recognitions. At Grupo Vinte, we have developed more than 83,000 homes across eleven states in Mexico, achieving a high level of customer loyalty. In addition, Javer had developed more than 300,000 homes over its 50-year history, and Derex more than 24,000 homes over its 26-year history. Since 2017, we have driven a Proptech-focused digital strategy, in line with the Company's philosophy of innovation.
